

INSTALLATION MANUAL

VIGO SPOT LED

Power [W]	H [mm]	W [mm]	A [mm]	B [mm]	Weight [kg]
5,6; 7,7; 10,4	123	69	85	85	0,45
5,7; 7,7; 10,4	123	69	163	43	0,44
9,1; 12,5; 17	123	69	283	43	0,62

The light source contained in this luminaire is not replaceable by the user. Replacement shall be carried out only by the manufacturer, its service agent, or a similarly qualified person.

Insulation maintained between the LV supply and control circuits: Basic insulation.

Provide basic insulation between the LV supply circuit and the control circuit.

Final Provisions:

- Connection of the luminaire to the mains supply shall be carried out only by personnel holding the appropriate qualifications and authorizations.
- Performing any work inside the luminaire while the power supply is energized may result in electric shock.
- The manufacturer shall not be liable for defects or damage resulting from failure to comply with the instructions contained in this manual.
- The manufacturer reserves the right to make changes to the product design without prior notice.
- Do not install the luminaire in enclosed spaces without adequate air circulation.
- To ensure the safe operation of the luminaire, follow the installation instructions provided.

Caution: Risk of electric shock!

Waste Electrical and Electronic Equipment (WEEE) Notice. In accordance with the provisions of the Polish Act of 29 July 2005 on Waste Electrical and Electronic Equipment, it is prohibited to dispose of waste equipment marked with the crossed-out wheeled bin symbol together with other waste. Users intending to dispose of this product are required to deliver the waste electrical or electronic equipment to an appropriate collection point. Collection points are operated, among others, by wholesale and retail distributors of such equipment, municipal organizations engaged in waste collection activities, and recycling organizations. These legal requirements have been introduced to reduce the amount of waste generated from waste electrical and electronic equipment and to ensure appropriate levels of collection, recovery, and recycling. Further information on the applicable regulations is available on the website.
